Dear Mr. Berliner,

Thank you very much for your generous donation to support UMSL Veteran Programs. Through your support we will be able to bring more events, more programs and more support to our student veterans. Those events and programs will lead directly to greater success for our veteran students.

Two of the main programs that will be impacted directly by your donation are listed below:

UMSL Student Veteran Center Operations: Including benefits counselling, academic tutoring, business and career preparation workshops, and community service opportunities.

The Veterans Pre-collegiate Fellowship Program (also known as the Veteran-Student Boot Camp): This program focuses on refreshing math and writing skills for new student veterans and it connects them with local veteran-specific support organization and resources.

Again, I want to personally thank the Kaufman Fund for its support. Your gift will lead directly to improved enrollment, retention and graduation of veterans at UMSL and across the St. Louis area.

Sincerely,
